

Noah Hester

(805) 292-4169 ♦ noahcoder11@gmail.com ♦ Ojai, CA 93023

EDUCATION

Bachelor of Science in Computer Science and Mathematics (Anticipated 2027) August 2024 – Present
California State University Channel Islands, Camarillo, CA

GPA: 4.0/4.0, Dean's List: 2024 – 2025,

Studied Computer Science, Algorithms, Automata, Electronics, Embedded Systems, Operating Systems, Discrete Mathematics, Higher Math.

Associate of Arts in General Studies, Math and Science Emphasis January 2021 – August 2023
Ventura College, Ventura, CA

GPA 4.0/4.0

Studied Mathematics, Computer Science, Physics, Writing & Composition

CERTIFICATIONS

- Secret Clearance

EXPERIENCE

Naval Research Enterprise Internship Program (NREIP)

U.S. Navy NAWCWD, Point Mugu, CA

June 2025 – August 2025

- Gained experience in hardware and software system design.
- Used Fusion 360 for professional CAD design and fabrication using 3D printing.
- Gained public speaking experience presenting the project to NAWCWD leadership.
- Accelerated AI model using an NPU and observed 30x to 40x speedup.

Software Engineer

StepUp Tutoring, Remote

2021

- Helped create a tutor dashboard for the company's website.
- Used React JS framework to implement various statistics.

Physics Research

January 2025 – May 2025

California State University Channel Islands, Camarillo, CA

- Studied various electronics and physics concepts for various research projects. I worked with Dr. Brian Rasnow on a water well controller system design.

Math and Physics Tutor

September 2023 – Present

Ventura Community College, Ventura, CA

- Assisting students in their studies of mathematics and physics ranging from college algebra to differential equations.
- Gained valuable experience working with students from many different backgrounds, finding ways to help them better understand complex topics in mathematics.

Resident Advisor, Housing and Residential Education

January 2026 – Present

CSU Channel Islands, Camarillo, CA

- Responsible for the safety and wellbeing of 39 residents.
- Attended consistent team meetings to discuss improving care.

SKILLS

- **High Performance Computing:** Working knowledge of multi-processing and multi-threading practices in C as well as GPUs and massively parallel processors for hardware acceleration.
- **Algorithm Theory:** Experience with various algorithms and proving their correctness.
- **Proof Writing:** Studied higher mathematics and various proving methods.
- **Work Ethic:** Highly organized and self-motivated, with attention to detail.
- **Data Analysis:** Python & SQL experience, as well as some working knowledge of event spaces and probability theory.
- **Programming Languages:** Python, C++, C, JavaScript, Java, MS SQL, x86 Assembly Language, Thumb Microcontroller Assembly, HTML, CSS.
- **Electronics:** Knowledge of transistor circuits, linear regulators, and microcontroller automation.
- **Embedded Systems:** Thumb assembly language and C programming interfacing with Tiva Launchpad board with the TM4C123GH6PM microcontroller chip.
- **CAD Design:** Experienced with using Fusion 360 for CAD design.
- **Linux Operating System:** Knowledge of commonly used Linux commands and kernel interaction.
- **Database Management:** Experience with Azure data studio and MS SQL.
- **Soldering:** Soldering through-hole (THT) components onto PCBs and connecting wires using solder.
- **Computer Networking:** Some knowledge of Cisco routers and switches as well as some vulnerability analysis and SSH remote connection knowledge.
